MEMORANDUM FOR: [REDACTED]
General Wilson

Because of my assignment to the IC Support Group dealing with Congressional Select Committee matters, I suggest that Capt. James Lucas be officially designated as Executive Secretary of the NSCIC Working Group and the Intelligence Panel of the NSCIC Working Group.

This would enable [REDACTED] to pick up the staff responsibilities for working with General Wilson on NSCIC matters---but would still enable me to keep some eye on the effort since [REDACTED] would be functioning as a member of the Coordination Staff, and it is my understanding that I will continue to retain the title of CS Chief.

With movement of the IC Support Group personnel to the area now occupied by the CS, [REDACTED] will physically be moved to the PRD area, but I expect him to continue to handle CS business.
